

Mount Sinai Health Partners recently enhanced the Provider Search tool so you can generate a customized specialty-specific PDF provider directory by county and payers. You can also generate an excel version and sort the information to make finding a provider easier for you, your staff, and your patients.

Step One: Visit mshp.mountsinai.org and click on the Provider Search button on the top right of the screen. Once you land on the Provider Search webpage, click on the text labeled, “Click here to prepare a directory by county, specialty, or payer”.

The screenshot shows the 'Provider Search' interface. At the top left is the Mount Sinai Health Partners logo. To the right is the title 'Provider Search'. Below the title is a blue circular icon with a right-pointing arrow and the text 'Click here to prepare a directory by county, specialty, or payer'. The main area is divided into two search options by an 'OR' separator.

By Zip Code: This section includes a 'Zip Code' input field, a 'Distance' dropdown set to '0.5' miles, a 'Specialty' dropdown menu with options like 'Abdominal Organ Surgery', 'Addiction Medicine', 'Addiction Psychiatry', and 'Addiction Psychology', and a 'Plan' dropdown menu with options like 'All', '1199', and 'Aetha (Commercial) C'. A 'Search' button is at the bottom right. A checkbox at the bottom left is checked and labeled 'Include Clinically Integrated Network members only'.

By Name: This section includes a text input field for 'Enter all or a portion of the First and/or Last Name', separate input fields for 'First Name' and 'Last Name', a 'Specialty' dropdown menu with the same options as the 'By Zip Code' section, and a 'Plan' dropdown menu with the same options. A 'Search' button is at the bottom right. A checkbox at the bottom left is checked and labeled 'Include Clinically Integrated Network members only'.

Step Two: Create a provider directory based on specialty, county and plan.

- Indicate the **output** of how you would like this report generated, either Excel or PDF.
- Finish by clicking “Search”.

Tip: Hold down the CTRL key if you would like to make multiple selections of specialty, county, and/or plan.

Provider Search

The screenshot shows the 'Create a Directory' section of the Provider Search tool. It features several dropdown menus: 'Specialty' (with options like 'Endocrinology, Diabetes and Metabolism', 'Facial Plastic and Reconstructive Surgery', 'Family Medicine', 'Family Psychology', and 'Female Pelvic Medicine and Reconstructive Surgery'), 'County' (with options like 'New York (Manhattan)', 'Kings (Brooklyn)', 'Bronx (The Bronx)', 'Richmond (Staten island)', and 'Queens'), and 'Plan' (with options like 'All', '1199', and 'Aetha (Commercial) Clinical Integrated Network'). Below these is an 'Output' dropdown menu set to 'PDF', which is highlighted with a red box. A 'Search' button is to the right of the 'Output' dropdown. At the bottom left, a checkbox is checked and labeled 'Include Clinically Integrated Network members only'.

Step Three: In a new tab, a PDF or excel report will be generated for you based on your selection.

The screenshot shows a search results page for Family Medicine providers in New York with zip code 10001. The results are sorted by specialty, county, and zip code, then alphabetized by last name. Each entry includes the provider's name, specialty, insurance networks, and contact information.
